

MONUMENT TOOLS

Professional Quality Plumbing,
Roofing & Drainage Tools

www.monument-tools.com

MADE IN BRITAIN

The Monument Grip+ Drain Cock Tools are designed to fit common sizes of square drain off valves on heating systems. These tools also fit 1/2in, 3/4in, and 1in. Lockshield radiator valves as found on the Monument Lockshield Rsdistor Valve key.
(4518E-R5 7.9mm Square, 4519H-R6 7.2mm Square, 4520K 8.5mm Square, 4521N 9.5mm)

Code: 4518E/4519H/4520K/4521N

MADE IN BRITAIN

The Monument Grip+ Radiator TRV Tail Driver Tools (R1) fit both square and hexagonal Thermostatic Radiator Valve TRV tails. Originally developed for square tails Monument have redesigned and further developed the product to fit hexagonal and longer tails.

Code: 4507X

MADE IN BRITAIN

The Monument Grip+ Boiler Pump Vent Cap Key has a rounded head designed to prevent damage to slot on the vent cap. Using a 20p or 50p or even a flat head screwdriver is not necessarily ideal but this tool fits neatly into the recess on the vent cap of most boiler pumps.

Code: 4523T

MADE IN BRITAIN

The Monument Grip+ Radiator Bleed Keys come in two different sizes - as vent pins tend to have a habit of not being a consistent size. The 12mm A/F hexagon with 5.3mm Square socket for Radiator Vent Pins (4503L) is found in the Radiator Kit (GRIP4600). There is also a 5.2mm square socket bleed key for radiator vent pins.

Code: 4503L / 4517B

MADE IN BRITAIN

The Monument Grip+ 1/2in. Hex and 3/8in. Square Radiator Valve Key is designed for 1/2in. A/F Hexagonal & 3/8in. Square radiator valves

Code: 4502I

MADE IN BRITAIN

The Monument Grip+ Gas Meter Key is another tool in the Grip+ range covering off another job for a gas engineer.

Code: 4524W

MADE IN BRITAIN

The Monument Grip+ Cabinet Key fits Shorty Swivel Head Handle allowing improved access.

Code: 4528F

Plumbing | Radiators | Immersion

MADE IN BRITAIN

MADE IN BRITAIN

The Monument Grip+ Recessed Nut Tool 18mm castellated tool. (4529I 18mm A/F recessed valve key, 4530L 22mm A/F recessed valve key)

Code: 4529I/4530L

FEATURED: **GRIP+** Tap Back Nut Tools

MADE IN BRITAIN

The Monument Grip+ Tap Back Nut Tools range from 8mm through 19mm and then additional sizes of 22mm 24mm 27mm and 32mm. The tools are designed to fit existing 345V Professional Adjustable Basin Wrenches as well as the 4537G Shorty Handle Basin Wrench. The unique design of the fitting of the tool simply snap-fits onto the cast head of the basin wrench. The other end of the tools engages with the end of the box spanner.

The articulated head of the basin wrench allows for improved access, reach and leverage behind and under sinks and baths. **Grip+ tools fit Monument 345V and 4537G Basin Wrenches and also fits 341J and 349H basin wrenches**

4534X has 18mm A/F socket which fits some tap cartridges

4562P fit box spanners 8-13mm. When used with 345V or 4537G handles gives improved access, extension and leverage.

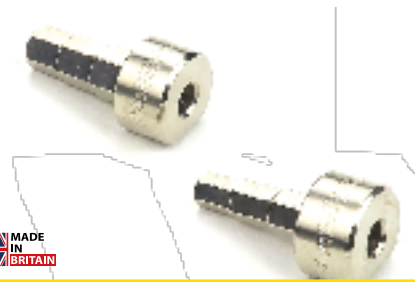

Plumbing | Faucets | Taps | Sinks |

MADE IN BRITAIN

Code: **350L/351O/352R**

• Monument **GRIP+** 345V Professional Adjustable Basin Wrench

The Professional Adjustable Basin Wrench **345V** is considered to be the best tool for the job due to its small head size; there is not much point in trying to deal with the loosening and tightening of back nuts if the tool being used isn't properly up to the job. The Professional Adjustable Basin Wrench represents **innovative progressive design** from the original Shetack Basin Wrench (327R) from 1929.

It is **not** fitted with a spring to the jaw to keep the size of the head small.

The end of the handle has a hex so that an extension bar can be added to increase access and leverage. The handle is **nickel plated** along with all Grip+ tools.

MADE IN BRITAIN

Plumbing | Faucets | Taps | Sinks | Stopcocks

FEATURED: GRIP+ Kits

**MADE
IN
BRITAIN**

The Monument GRIP4600 Grip+ Radiator Kit includes the following:

GRIP+ Toilet Seat Fitting Tool 4570N

The Monument Grip+ 4570N Toilet Seat Fitting Tool is a Grip+ tool designed to aid in the fitting of toilet seats. The tool comes with the 4537G Shorty Handle as well as a castellated tool, perfect for fitting wing nuts. Additionally included is a 13mm socket 13mm A/F nuts.

MADE IN BRITAIN

GRIP+ Sink Strainer Basket Tool 4535A

The Monument 4535A is a Grip+ tool designed to fit into the odd shape of the basket on a kitchen sink. Brushed stainless when new is subject to scratching and marking these sinks by using the wrong tool can lead to an expensive replacement. The shape for tool was designed by an inventor and incorporated into the Grip+ range. **Do you have an idea for a new product? See the Monument website for information on the Inventor's Den.**

MONUMENT TOOLS

is an Innovative, UK based, ethical, privately owned company which designs, manufactures and markets professional quality tools for plumbing, roofing and drainage under the Monument brand and via OEM.

We sell to trade and DIY through selected wholesale, retail and export partners. Products range from small patented pipe cutters up to high pressure jetters. Many products used by professional tradesmen have developed generic names such a 'Shehack' or a 'Monument'.

The Monument brand is 100 years old and the company, which is still managed by the Collier family, continues to invest in the latest technology.

More than 60% of the products within the plumbing and roofing range are manufactured in the UK.
